What is WWBC?

1937 seems so long ago. For Lloyd Hunter it was a time of trusting God.

Hunter is the founder of Rural Bible Crusades, today's Bible Impact Ministries.

BIM's mission has always been "Reaching tomorrow's Leaders" by encouraging children to memorize God's Word.

In 1994, BIM acquired land and began its camping

ministry at a permanent site, Whispering Winds Bible Camp, St. James, MO.

Today, more than 800 guests annually interact with God's Word at WWBC.

Through Bible study, group devos, chapel, and scripture memory, each child that experiences WWBC also experiences God's Word several times daily.

Our Family

Boxes are piled everywhere. It's hard to remember what's packed and what's discarded. I guess we'll find out when the boxes are dumped and we begin putting things away.

Local Superhero Family

In all this confusion God is working change in our family. Everyone is

excited to move to Missouri, though each for different reasons.

We may be in a new location but we still are burdened to show our kids that life is meant for serving God.
